

*Fort Valley State University  
College of Agriculture, Home Economics and Allied Programs*

***The Reliable Source  
for Busy Journalists***

# Homeland Security ... Child and Adult Obesity ... Health Care ... Gas Prices ... Global Warming ... Drought and the Nation's Food Supply ...

These are hot news topics journalists are pursuing today, and the sources at Fort Valley State University in Middle Georgia are no rookies when it comes to addressing these issues.

When you need quotes and background information on topics such as biofuels, food safety and biotechnology, think about the College of Agriculture, Home Economics and Allied Programs at Fort Valley State University. We can even help you stay current on goat meat consumption, one of the nation's newest health issues.

Our "valley-able" experts can help you sort through the often complicated environmental and agricultural issues in a timely manner.

## *Our "Valley-able" Sources*

### **Dr. Curtis Borne**

Professor of Agriculture Education

•Horse nutrition and pasture management

Contact: (478) 825-6262 or [bornec@fvsu.edu](mailto:bornec@fvsu.edu)

**Dr. Sarwan Dhir**

Associate Professor of Biotechnology

- Biotechnology

Contact: (478) 825-6887 or dhirs0@fvsu.edu

**Dr. Patricia L. Duncan**

Assistant Professor of Aquaculture and Georgia  
Center for Aquaculture Development Director

- Raising seafood by using aquaculture systems

Contact: (478) 825-6575 or duncanp@fvsu.edu

**Dr. Will R. Getz**

Professor of Animal Science and Extension Specialist

- Goats, sheep and livestock
- Breeding and genetics
- Pastures

Contact: (478) 825-6955 or getzw@fvsu.edu

**Dr. Nirmal Joshee**

Assistant Professor of Plant Science in Specialty  
Plants Biotechnology

- Biofuels and medicinal plants

Contact: (478) 825-6373 or josheen@fvsu.edu

**Dr. Govind Kannan**

Associate Professor of Animal Science and Georgia  
Small Ruminant Research and Extension Center  
Director

- Food safety, animal stress and meat quality

Contact: (478) 827-3085 or govindak@fvsu.edu

**Dr. Mark Latimore Jr.**

Extension Soil Scientist

- Waste management, soil and water environmental issues, and biofuels
- Vermicompost (using kitchen waste and worms to create high-quality soil)

Contact: (478) 825-6327 or latimorm@fvsu.edu

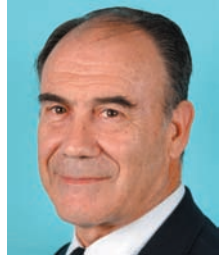

**Dr. Frank Lochner**

Professor of Veterinary Science

- Homeland security issues affecting animals

Contact: (478) 825-6795 or lochnerf@fvsu.edu

**Dr. Chau Nguyen**

Professor of Agricultural Engineering

- Biofuels

Contact: (478) 825-6275 or nguyenc@fvsu.edu

**Dr. Jacques Surrency**

Assistant Professor of Plant and Environmental Soil Science

- Waste management, and soil and water environmental issues
- Vermicompost (using kitchen waste and worms to create high-quality soil)

Contact: (478) 825-6362 or surrencyj@fvsu.edu

**Dr. Anand K. Yadav**

Professor of Specialty Plants Biotechnology

- Medicinal and nutraceutical plants
- Biotechnology research to improve crops

Contact: (478) 825-6830 or yadava@fvsu.edu
